EXHIBIT F: RECREATIONAL PURPOSES AND ASPECTS

State the extent, if any, the proposed site or route will be available to the public for recreational purposes, consistent with safety considerations and regulations and attach any plans the applicant may have concerning the development of the recreational aspects of the proposed site or route.

The alternatives would be located either within public road right-of-way, and available to the public consistent with existing use, or across private undeveloped land. There are no parks, recreational areas, or trails within 3.5 miles of the Project (see Exhibit F-1). The Project would not directly impact recreational facilities or any of the current recreation uses in the region.
