

Electric Vehicle Charger Program Application Form

Tucson Electric Power offers residential customers a rebate for the purchase and installation of a qualified Electric Vehicle Charger ("EVC") that covers up to 75% of their cost, up to \$500. The incentive will be issued as a credit on your TEP account. One rebate per EVC installed for each highway-approved battery electric vehicle or plug-in hybrid electric vehicle is allowed. EVC with two-way communication must be Open Charge Point Protocol ("OCPP") compliant and will receive an up to \$500 rebate, while one-way and non-communicating EVC will receive an up to \$250 rebate.

Installer _____

Terms and Conditions

As the owner or authorized representative of the Property, I hereby authorize TEP's employees and authorized agents (collectively the "TEP Parties") to enter upon and into the Property to verify proper installation of the qualified electric vehicle charger equipment and determine eligibility for the incentive. I understand, as the authorized representative of the Property and as a TEP customer, that an incentive of 75% of the installation cost, up to \$500 or \$250, as applicable, will be credited to my TEP account per qualified EVC as defined above, after TEP's verification that all program requirements have been met and if program funds are available. I hereby agree to indemnify and release the TEP Parties from and against any and all claims, liabilities, losses or damages whatsoever caused by products, including the EVC, installed at or in the Property and TEP's presence at the Property except to the extent directly caused by the gross negligence of the TEP Parties.

TEP offers many incentives on a variety of energy efficient programs and services. Initial here to sign up to receive notice of TEP programs and services. _____

Program Eligibility

To participate in the program, you must:

- Be a Tucson Electric Power customer
- Install a Level 2 or higher EVC equipment
- Provide proof of purchase and installation, including EVC serial and model number
- Use a licensed installer and provide proof that the work was properly permitted
- EVC must have been installed on or after February 20, 2019
- Provide a copy of the EV registration
- Be on a residential Time-of-Use ("TOU") pricing plan and remain on it for the next two years
- TOU is not required for net-metering customers, but EVC equipment must be capable of two-way communication
- Allow a TEP representative to enter your property to verify program requirements are met

Application Process

- Complete this application.
- A TEP representative will review your application for program eligibility and may schedule a site visit.
- Customers meeting program eligibility will receive a credit on their electric bill.
- Incentives are subject to the availability of funding, and the program is subject to change or end without notice.

To apply, submit this completed form by email to TEPExistingHomes@tep.com
