

Kino to DeMoss-Petrie Transmission Line Project

Virtual Open House Meeting – Tuesday, October 6, 2020 | 6-8 p.m.

Tucson Electric Power (TEP) is evaluating preliminary alternative routes for the Kino to DeMoss-Petrie (Kino-DMP) Transmission Line Project, which will connect the Kino Substation to the DeMoss-Petrie Substation and interconnect with the planned UA North Substation. The project will improve reliability and power quality throughout the study area, allow for the retirement of aging infrastructure and support the University of Arizona and Banner - University Medical Center Tucson.

Public input remains an important part of the planning process and TEP wants to hear from you. Please join us on **Tuesday, October 6, 2020** from **6-8 p.m.** for a live virtual open house meeting. During this video livestream, TEP will discuss the continuing analysis used to reduce the number of preliminary alternative routes under consideration. Participants are also encouraged to submit comments and ask questions about the project.

To watch: Visit the project page at tep.com/kino-to-demoss-petrie and click on the livestream link

To listen: Call 1-253-215-8782, enter meeting ID number 830 8654 2901 and press #

To submit a question during the meeting: Call 520-918-9206 or send a text message to 520-302-5527

We'll provide a project update, then respond live to as many questions as possible. A recording of the livestream and responses to all questions received during the event will be posted on the project webpage.

In addition to participating in the virtual open house, residents and other stakeholders are encouraged to share comments using one of these methods:

- Filling out an online comment form at tep.com/kino-to-demoss-petrie
- Sending comments to KINO2DMP@tep.com
- Calling 1-833-523-0887 and leaving a voicemail
- Mailing a letter with comments to the return address on this postcard

TEP busca aporte público sobre el proyecto de línea de transmisión 138 kV e invita al público a asistir virtualmente la próxima reunión comunitaria para más información. Por favor use la información proporcionada para enviar un comentario. O por favor deje un mensaje al 1-833-655-0399 y le regresaran su llamada. Gracias por su interés en este proyecto.
